## **Discussed:**

### **Executive Director's Report:**

Executive Director Lynn Hammonds distributed her written report to the Board and made additional comments on the following:

- a. There are two applicants for the personnel specialist position to date.
- b. Admin rules were received and will be delivered tomorrow.
- c. Renewal expiration dates of licenses discussed in executive session.
- d. Licensing clerks are able to receive documents no later than the day after it is received.

### **Community Meeting on Kauai**

Parker reported that he and Executive Director Lynn Hammonds went to Chiefess Kamakahele School on Kauai. The overall conversations went well.

### **ETS Meeting**

Sorensen went as an observer for an ETS standard setting panel for the Art content test. This panel determines questions on the test as well as rating the difficulty of each item, so it is a very rigorous process. There were actually two different versions of the test: one was multiple choice and the other was multiple choice plus an applied section, where candidates submit two examples of their art and the questions were in relation to the art itself. When HTSB adopts the next art test it may want to consider the second option.

### **Oprah Honorary License**

Parker reported that he wanted to make clarify that this was not a license to teach but an honorary license. She may qualify for the CTE Arts and Communications License. The Executive Director will look into that process and report back in December.

### **Legislative Committee**

Chair Shishido reported that the committee discussed:

- a. NBI 10-24: Approval of Hawaii Teacher Standards Board 2011 Annual Report to the Legislature. Member Iwamoto wanted to include the carry forward balances for the special fund and state that those funds are primarily coming out of teacher's fees
- b. NBI 10-25 Rev.: Approval of SB2346 Report to the Legislature

- c. NBI 10-26 Rev.: Revision of Administrative Rule Language on Adding a Field to an Existing Hawaii License

### **Strategic Planning Committee**

Committee Chair Silberstein reported that the committee discussed NBI 10-27: Hawaii Teacher Standards Board Three Year Strategic Plan.

### **Teacher Education Committee**

Committee Chair Sorensen reported that the committee discussed NBI 10-20 Rev.: Revision of Alternative Route Definition and recommends approval.

### **Teacher Standards Committee**

Committee Chair Holck reported that the committee discussed the following and recommends approval:

- a. NBI 10-22: Membership in the National Independent Educator Standards Boards Association
- b. NBI 10-28 Rev.: Adoption of Educational Testing Service (ETS) Praxis Special Education Test: Core Knowledge and Applications (354)
- c. NBI 10-29 Rev.: Transition Year for Accepting Passing Praxis Content Test Scores

### **Testimony, Petitions from the Public**

None.

### **New Business:**

#### **1. NBI 10-20 Rev.: Revision of Alternative Rout Definition**

The Hawaii Teacher Standards Board approves the following revision to the definition of alternative teacher preparation program:

The current definition on Part IV, page 84, of the State Approval of Teacher Education Manual:

**“Alternate Route to State Licensure Programs.** Post baccalaureate programs designed for individuals who did not prepare as educators during their undergraduate studies. These programs, which usually lead to a unit’s recommendation for a state license, accommodate the schedules of adults and recognize their earlier academic preparation and life experiences. In some instances, candidates may be employed as educators while enrolled. Examples

include MAT programs, programs that operate in professional development schools, and Troops to Teachers programs. They are sometimes called non-traditional programs.”

will be replaced with the following definition, adapted from the US Department of Education definition of “alternative route”:

**“Alternative Route** means pathways to licensure that allow the establishment and operation of state approved teacher preparation programs in the State designed to recruit, prepare and license talented individuals who hold at least a baccalaureate degree from an accredited college or university and may have careers in fields other than education. Alternative route programs and have the following characteristics, in addition to standard features such as demonstration of subject-matter mastery, and high-quality instruction in pedagogy and in addressing the needs of all students in the classroom including English language learners and student with disabilities:

- (a) Can be provided by various types of qualified providers, including both institutions of higher education and other providers operating independently from institutions of higher education;
- (b) are selective in accepting candidates, using a rigorous screening process. It is recommended that this process includes passing tests, interviews, and demonstrated mastery of content in the field in which licensure is sought (e.g. Praxis II content tests or an academic major in the content field);
- (c) provide intensive, supervised, school \_based experiences and with structured ongoing support such as effective mentoring and coaching;
- (d) significantly limit the amount of coursework required or have options to test out of courses or allow candidates to demonstrate equivalent experience;
- (e) hold high performance standards for completion; and
- (f) upon completion, recommend the same level of licensure that traditional preparation programs award upon completion.”

The Hawaii Department of Education and Hawaii Professional Education Units with State Approved Teacher Education Programs will be notified within thirty days of this change in definition.

## **2. NBI 10-22: Membership in the National Independent Educator Standards Boards Association**

The Hawaii Teacher Standards Board approves membership in the newly formed National Independent Educator Standards Boards Association (NIESBA), a special subcommittee of the National Association of State Directors of Teacher Education and Certification (NASDTEC).

The Mission of NIESBA is “to bring members together to establish a national presence on behalf of professional educators and provide information and support to jurisdictions seeking to establish an independent standards board for any of the

following purposes: educator standards, professional development, educator certification, accreditation of educator preparation programs, or professional standards for ethical conduct." HTSB will benefit from membership in NIESBA by interfacing with other independent standards boards.

**3. NBI 10-24 Rev.: Approval of Hawaii Teacher Standards Board 2011 Annual Report to the Legislature**

The Hawaii Teacher Standards Board approves the attached 2011 Annual Report with revisions to the Legislature.

**4. NBI 10-25 Rev.: Approval of SB2346 Report to the Legislature**

The Hawaii Teacher Standards Board approves the attached revised SB2346 Report to the Legislature.

**5. NBI 10-26 Rev.: Revision of Administrative Rule Language on Adding a Field to an Existing Hawaii License**

The Hawaii Teacher Standards Board approves the following revision to Administrative Rule language for adding a field to an existing Hawaii license:

§8-54-12 Adding a field to a license: If a licensee wants his/her license to indicate additional teaching fields that he/she is authorized to teach, he/she shall:

- 1) Complete a state-approved teacher education program [~~including student teaching or validation of teaching~~]that includes appropriate experiences in a [K]P-12 setting in the new field;

OR

- 2) Demonstrate ~~two (2)~~ the equivalent of one years of satisfactory half time or more contracted [K]P-12 teaching experience in the new field within the last five (5) years of application date. The experience must be equivalent to at least one year of full time teaching in the new field; and Successfully complete [~~18 credit hours (12 in upper division or graduate level)~~] 30 credit hours of course work required in a state-approved teacher education program or the equivalent of a subject major for the new field.

OR

3) Demonstrate ~~two (2)~~ the equivalent of one years of satisfactory half time or more contracted [K]P-12 teaching experience in the new field within the last five (5) years of application date. ~~The experience must be equivalent to at least one year of full time teaching in the new field; and~~

Submit passing PRAXIS II scores for the new teaching field. The passing score must be the same as that used for program completers of the state-approved teacher education program.

§8-54-13

OR

4) Possess a valid unrevoked teaching license from another state in the new field and passed a licensing test required by the state that issued the valid license in the new field; and

~~Demonstrate two (2) one years of satisfactory half time or more contracted [K]P-12 teaching experience in the new field within the last five (5) years of application date. The experience must be equivalent to at least one year of full time teaching in the new field; and~~

OR

5) Possess a valid National Board Certification in the new field.

OR

6) Possess an Advanced License or National Board Certification in one field and have either the equivalent of a content major or have passed the Praxis content test in the new field.

Adding "school librarian" as a field shall be limited to Option ~~{(g)}~~ (1) of this subsection.

Upon submittal of appropriate documentation of the method selected by the licensee and a processing fee of not more than \$25.00, the amount to be set at a regular board meeting, the board will add the new field to the license and re-issue the license. The re-issued license will include the new

teaching field, but will retain the same expiration date as the license being updated. [Eff 7/1/01; am and comp 12/20/01; am and comp 8/13/04; am and comp 11/9/07; am and comp \_\_\_\_\_] (Auth: HRS §302A-802-803, §302A-807) (Imp: HRS §§302A-801-808)

The Board makes this change to enable licensed teachers to add a new field in a shorter period of time while retaining an equivalent experience requirement.

**6. NBI 10-28 Rev.: Adoption of Educational Testing Service (ETS) Praxis Special Education Test: Core Knowledge and Applications (354)**

The Hawaii Teacher Standards Board approves adoption of Special Education Test: Core Knowledge and Applications (354) to replace Special Education (353), effective August 1, 2011. The passing score for this new test is 151. Current test 353 is being phased out by ETS and test 354 will replace it starting with the 2011-2012 school year.

ETS will conduct a local review of this test in January 2011 for a panel of Hawaii special education teachers and faculty. The panel will consist of the following representatives, as closely as possible:

- HTSB Standards Committee Chair;
- HTSB Teacher Education Committee Chair;
- One Up to two licensed Special Education teacher from P-3, K-6, 5-9 and 7-12 levels nominated by the Department of Education, Charter Schools, HAIS and Hawaii State Teachers Association;
- Educational Specialists from the DOE Special Education Section and Office of Human Resources;
- One Special Education SATEP faculty nominated by the Teacher Education Coordinating Committee.

Hawaii IHEs, Charter Schools, HAIS, Hawaii State Teachers Association, and the Department of Education will be notified of this change within thirty days.

**7. NBI 10-29 Rev.: Transition Year for Accepting Passing Praxis Content Test Scores**

The Hawaii Teacher Standards Board approves accepting both previous and current passing Praxis content test scores for the following tests for test taken prior to August 1, 2011:

License Field	Discontinued Tests	Test Code	Passing Score	New Tests	Test Code	Passing Score
Elementary Education K-6	Elem. Ed: Curriculum, Instruction & Assessment	11	164	Elementary Ed: Content Knowledge	14	153
Special					353	152

Education (all fields) EXCEPT SPED Mild/Moderate and SPED Severe/Profound Note new tests for Mild/Moderate and Severe/Profound fields below.				Special Education: Core Content Knowledge		
Special Education Mild/Moderate, P-3, 5-9, K-6, 7-12, K-12	Special Education: Core Content Knowledge	353	152	Special Education: Core Knowledge and Mild to Moderate Applications	543	158
Special Education Severe/Profound P-3, 5-9, K-6, 7-12, K-12	Special Education: Core Content Knowledge	353	152	Special Education: Core Knowledge and Severe to Profound Applications	545	158

The HTSB accepts both previous and current scores for Elementary Education and Special Education licenses so that candidates will not be penalized and have to retake tests they may have received erroneous information from sources other than HTSB staff when registering for their content tests in these license fields.

Hawaii IHEs, Charter Schools, HAIS, HSTA and the DOE will be notified of this change and reminded that this exception expires on August 1, 2011.

#### 8. NBI 10-30: Acceptance of License Reciprocity Report

The Hawaii Teacher Standards Board accepts the attached report on license reciprocity. This report will be discussed at the next monthly Board meeting.

#### 9. NBI 10-31 Rev.: License Renewal and License Fee Payment

The Hawaii Teacher Standards Board approves the following policy for renewal of licenses and payment of license fees:

- Teachers holding a license expiring up to and including ~~December 31, 2010~~ June 30, 2011 ~~may~~ should renew their license online at www.htsb.org. These teachers will not incur additional fees.
- Teachers with unpaid license fees ~~may~~ should create their HTSB account, select a payment plan and begin paying fees online at www.htsb.org up to and including ~~December 31, 2010~~ June 30, 2011 without incurring additional fees.
- After ~~December 31, 2010~~ June 30, 2011 any teachers who do not renew their license will be listed as "expired" on the HTSB public search website and reported to the Hawaii Department of Education on a monthly basis as having an

expired license. These teachers will incur all administrative fees associated with payment of their license fee.

- After ~~December 31, 2010~~ June 30, 2011 any teachers who do not keep their license fees current will be listed as "suspended for non-payment of fees" on the HTSB public search website and reported to the Hawaii Department of Education on a monthly basis as having a suspended license. These teachers will incur all administrative fees associated with payment of their license fee.

HTSB adopts this policy in order to assist teachers who encountered difficulty in creating their online accounts, starting license fee payment and renewing their licenses. The Board also takes this opportunity to remind teachers that under Hawaii law they are required to maintain an active license, pay their license fee, or in the case of Emergency Hires, the fee to practice the profession of teaching.

Notice of this policy will be sent to the Hawaii Department of Education, Charter Schools, HAIS, and HSTA within thirty days.

**10. NBI 10-32 Rev.: Approval of Hawaii Provisional Licenses, Standard Licenses, Advanced Licenses, Added Fields to Existing Licenses, Extended Licenses, Renewed Licenses, and Career and Technical Education Special Permits**

The Hawaii Teacher Standards Board approves the issuance of Provisional Hawaii licenses, Standard Hawaii licenses, Advanced Licenses, added fields to existing licenses, and Career and Technical Education Special Permits as indicated on the attached list with the correction that all expiration dates be changed to conform with Board policy as adopted October 25, 2010.

The Board approves issuing a renewed license for teachers as indicated on the attached lists showing those who have met the criteria with the correction that all expiration dates be changed to conform with Board policy as adopted October 25, 2010.

The HTSB also approves any necessary correction by staff for clerical errors. License field(s) and level(s) may not be corrected, but must be resubmitted to the Board for approval.

**Adjournment:**

Chairperson Shishido adjourned the meeting at 5:15 p.m.
